

A wide-angle photograph of a winter landscape. The foreground is a snow-covered slope with several tall, snow-laden trees. The middle ground shows a dense forest of evergreen trees, also covered in snow. The background features rolling hills under a sky with a vibrant sunset or sunrise, transitioning from orange and pink near the horizon to a clear blue at the top. The overall scene is serene and cold.

LINNATULI

EXPERIENCED MANUFACTURER OF HEAT-STORING
FIREPLACES IN THE NORDICS

LINNATULI

IN FINLAND'S EXTREME WEATHER CONDITIONS, LINNATULI BRINGS MUCH NEEDED WARMTH AND LIGHT AMIDST THE COLDNESS AND DARKNESS.

In Linnatuli fireplaces the firewood burns cleanly and releases warmth for a long time. The pure Scandinavian design together with innovative planning enables fitting the fireplaces both in old and new buildings. Linnatuli heat storing fireplaces are manufactured with extensive experience, highest quality and respect for craftsmanship.

Sparks like fireflies
dancing in the blaze of fire.
Coldness fades away.

IDA

LINNATULI FIREPLACES ARE CHARACTERIZED BY THEIR EXCELLENT HEAT RETENTION PROPERTIES

Narrow and sleek-lined, Ida will warm a home even in cold weather. The structure of the fireplaces has been designed so that the burning will take place as cleanly and efficiently as possible. You are able to enjoy the warmth for long, as the fireplace gives off heat constantly and slowly during the course of several hours.

Width	795 mm
Depth	585 mm
Height	1800 mm
Weight	1300 kg

EMILIA

DESIGNED TO WITHSTAND TIME AND DEMANDING USE

We only use most high-quality materials in manufacturing our fireplaces and individual parts are worked on carefully by hand. The individual fireplace components, like oven hatches, are sturdy and will withstand use. A Linnatuli fireplace is a lifelong and reliable friend.

Width	980 mm
Depth	685 mm
Height	1750 mm
Weight	1900 kg

Flaming light,
and wonderful heat.
A safe lap,
to fall asleep in.

It's snowing outside,
the snowdrift grows.
It's warm inside,
with fire dancing in the fireplace.

EMILIA WITH A PRACTICAL BAKE OVEN

THE LONG HEAT RELEASE PERIOD MAKES THE FIREPLACE A MULTIFACETED
HELPER IN THE HOME

Linnatuli fireplaces can be fitted with a steam oven, which will be heated by the fire burning in the fireplace. The steam oven is suitable for cooking and its low temperature is ideal for both baking and keeping food warm. The steam oven can be situated above the fireplace door or it can also be situated on the opposite side of the fireplace-bake oven.

Width	980 mm
Depth	685 mm
Height	2050 mm
Weight	2300 kg

An aerial, black and white photograph of a dense forest of evergreen trees, likely spruce or fir, heavily laden with snow. The trees are packed closely together, creating a textured, undulating surface of white and dark green. The lighting is soft, highlighting the intricate details of the branches and needles.

SCANDINAVIAN DESIGN AND QUALITY

LINNATULI

ELISE WITH A WIDE DOOR

WOOD WILL BURN PURE AND SAFELY IN LINNATULI FIREPLACES

The fire will create safety around itself when the burning process is pure. The fireplaces have been designed so that there is exactly the right amount of oxygen is available for burning, so that the wood will burn with a pure flame and thoroughly. An environmentally friendly fire in the fireplace provides a secure experience to admire the fire.

Width	1150 mm
Depth	575 mm
Height	1750 mm
Weight	1900 kg

Wool-socks in my feet
I add the log in.
A gentle warmth strokes my face.
I need not hurry anywhere.

Let's sit together
by the fireside.
The laughter of friends
fills house and home.

ADA TUNNEL

THE TIMELESS DESIGN WILL FINALIZE NEW AS WELL AS OLD BUILDINGS

The Linnatuli fireplace collection follows the latest trends of the industry and also includes several classics. Their timeless elegance allows Linnatuli fireplaces to fit in both new as well as old buildings. Ada, equipped with two oven doors, is an atmospheric room divider for an imposing home. The dance of the flames in the furnace can be observed from both sides of the room.

Height 1800 mm
Weight 1800 kg

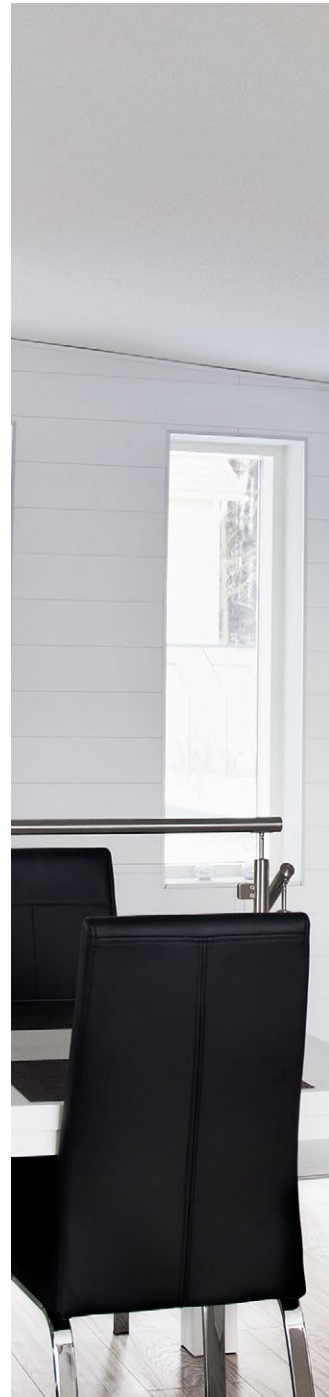

ERIKA WITH AN IMPRESSIVE CORNER DOOR

A LOG-FIRE CREATES A MAGICAL ATMOSPHERE IN THE HOME

A Linnatuli fireplace with a big panoramic view is an impressive eye-catcher in a building. The glass is uniform throughout the whole door, bending seamlessly at the corner. A fire burning in the big furnace, behind a wide fireplace door, is like a living piece of art, which will create a magical atmosphere in many directions of the home.

Width	980 mm
Depth	685 mm
Height	1900 mm
Weight	1900 kg

As I stare at the fire
I lose track of time.
The fire whispers in the dark
telling the best stories,
that I have ever heard.
